ADDITIONAL NOTIFICATION REQUIRED

The Georgia Environmental Protection Division (GaEPD) must be contacted 10 business days before demolition. Notification forms can be found on their website at epd.georgia.gov. If asbestos is present and demolition continues without abatement, the owner of the building and demolition contractor carry equal responsibility if asbestos is disturbed

All building material and debris must be properly disposed of and is not allowed to be buried on site. I hereby certify that I have read and examined this application and know the same to be true and correct.
